

The OAB's FCC counsel of Brooks, Pierce, McLendon, Humphrey & Leonard LLP has provided this list of filing dates and other deadlines for Ohio broadcasters. While this list is provided as a service to OAB members, stations should still verify all dates and deadlines with their own legal counsel and relevant government agencies. This list does not include individual station-specific deadlines such as expiring construction permits, deadlines for responding to specific FCC inquiries, and comment/reply comment deadlines in FCC rulemakings.

Additional compliance information about each of these deadlines is available at www.oab.org/compliance.
